2017 has been a good year for our community. With the help of our community members, as well as all of the members of our board, we have been able to achieve a lot over the year. We have had some great events and have been able to make some improvements to our lake management plans. Fiscally we have been able to put aside almost \$10,000 through careful planning and strong financial discipline, and will be able to complete some of items on a long list this coming year. We had a great Fall cleanup with help from our community, as well as ongoing help on the waterfront and beach. Thank you to everybody for all of your help this year, and we look forward to seeing you again soon.

Lake Update:

If you have a chance go out and look at the lake. Currently the water is so clear you can see the bottom and the weeds have not started growing yet. After the ice melts and before the Spring rains is a great time for water clarity.

We are heading into our third year with Clarke Aquatics as our lake management company. An increase of the lake budget is one of the results from the increase in dues. This spring and summer we will be able to have 2 treatments for weeds rather than just the one. I believe this will help reduce the weeds and keep the lake looking nicer into the hot summer months. We will also try a channel groomer to help with the weeds in our more shallow areas.

Events:

Hello everybody we've had a fun year with special events created just for our community. If you would like to be a part of our community events please keep your eyes posted on our website page and the entrance ways. Some of our events this year were movie Nights, Fourth of July picnic, wine tasting, Football game, and an end of the summer BBQ. If you would like to see an event happen in our community just send one of us an email.

Open Board Positions: We currently have open board positions. The board is a great way for you to stay involved in your community, as well meet new people. If you are interested in a position, or have any questions please contact one of us. Meetings are the 2nd Wednesday of the month at 6:30 pm. Full descriptions of the positions can be found in our bylaws on our website.
